Duties:

The Apprentice Electrician works directly under the supervision of and assists a qualified Journeyman Electrician in installing or maintaining a variety of approved wiring methods for distribution of electrical light, heat, power, radio and signaling utilization systems in existing or new buildings under construction of residential, commercial and industrial occupancies; including street and highway lighting, traffic signal and other outdoor above and below grade installations.

Minimum Requirements: Each applicant **must:**

1. Be 18 years of age or older, with proof of identification, such as a drivers' license or identification card issued by the D.M.V. (Must have a valid drivers' license at time of indenture).
2. Be a High School graduate or equivalent.
3. Have completed one full year (2 semesters) of algebra in High School or one semester of algebra in College or Adult School with a passing grade of "C" or better.
4. Applicants will be required to take and pass a pre-employment drug/alcohol test.
5. Women and minorities are encouraged to apply.

What to turn in with your completed application:

1. Proof of identification.
2. An **official sealed** copy of your High School Transcripts **signed** by the Registrar's Office (**No Diplomas**) which we will check to verify that it includes your graduation date and proof of meeting the algebra requirement. If you did not graduate from High School, you will also need to provide an official GED Certificate as proof of High School Equivalency Graduation. If you did not take algebra in High School, you **must also provide** your College or Adult School Transcripts as proof of meeting the algebra requirement. The burden of proof is the applicant's responsibility. (NJATC online Tech Math Course will meet the algebra requirement) **NO EXCEPTIONS.**
3. All records must be presented in English.
